Application Guides

Technical guidance for lighting applications and systems, including product selection, configuration, wiring, and integration.

Updated 2026-10-23

Application Guides

Technical guidance for lighting applications and systems spanning multiple products. These guides cover the principles, component selection, configuration, and integration needed for a specific application.

- Tunable White LED systems with constant-current drivers — Fundamentals, LED modules and drivers, Tuner4TRONIC configuration, wiring, thermal design, and mounting. Source edition October 2023.
- 4DIM NFC G3 CE LED drivers and T4T-C — Outdoor and industrial LED drivers, current setting, thermal protection, AstroDIM, StepDIM, MainsDIM, DALI, NFC programming, and electrical integration. Source edition November 2025.
- 1DIM NFC CE LED drivers and T4T-C — Outdoor and industrial LED drivers, LEDset2, thermal protection, AstroDIM, NFC programming, and electrical integration. Source edition April 2023, adapted with Inventronics branding.
